

## **DO'S AND DON'TS FOR SCOOTER RIDERS**

### **Do's**

- Drive carefully
- Set the power at low until you feel confident
- Always turn off the buggy when you stop
- Watch out for other cycle way users, cyclists and pedestrians
- Be cautious when traversing or descending slopes, use slow speed
- Stay on the recognised route
- Bring any emergency medication you could require  
(puffer, spray, insulin)
- Refer regularly to map and landmarks to know where you are
- Enjoy yourself

### **Don'ts**

- Let anyone else use your buggy
- Place anything on the handle bars of the buggy
- Carry passengers of any age
- Let the battery run down below 60% as marked on indicator before you start for home
- Reverse towards water
